Mother love is the fuel that enables a normal human being to do the impossible." – Marion C. Garretty

With this beautiful thought in mind, Mother's Day was celebrated with great zeal and enthusiasm on the lush green grounds of G.D. Goenka School Varanasi. Our Happiness Park came alive with the presence of all the dynamic mommies with their little ones beautifully dressed up as per the 'Twinning Theme' to exhibit the

Everlasting bond they shared with each other. This special day, mommies stepped in the classroom to step into the shoes of their little ones and experience their world of learning. Their eyes sparkled with joy when they participated in the daily schedule of the kids. The energizing Chair Zumba pepped them up further. We were delighted to see them tapping their feet and nodding their head to the beat of music and enjoying every bit of it. It was a pleasure watching all the mothers reliving their childhood by running around and actively participating in all the mini games. The highlight of the event was the dazzling ramp walk by our incredible mothers. All our students also made splendid mother's day cards and alluring heart shaped pendants with clay.

The program came to an end with the spirited dance movements. Mothers and their children left for the day with the most beautiful memories to cherish for a lifetime. The day left an everlasting impression on everyone's hearts. Mother's day celebration was followed by an interactive PTM which acts as a perfect source for development & maintenance of positive bond between the teachers & parents which helps in the overall development of the child.
