Red Day was celebrated in Nursery and L. K.G to make the kids recognize and understand the colour RED. This is a part of a child's cognitive development and is the essential skills that they'll use in their everyday life. The celebration helped to introduce and reinforce the colour RED in a child's mind, making it a fun and educational experience. Red' colour symbolizes enthusiasm, life and vitality. It was a scintillating day with innocent faces gleaming and reflecting brightness, joy, love and happiness. Colors are indeed the smiles of nature, the 'Red Day' celebration was a wonderful learning activity which helped children to sort and classify objects based on colors thereby reinforcing cognitive skills. Some of the students spoke a few sentences on the red object they brought from home. Teachers discussed the theme in circle time and linked it to all subjects. The tiny tots looked stunning in their red outfits & Special assembly was conducted with emphasis on significance of red colour.
