🌱 Celebrating a Green Birthday at School Campus! 🌱

We are delighted to share a wonderful act of kindness by one of our students from Grade 3. On his birthday, Harsh Raj of grade 3 planted a sapling in our school campus. This thoughtful gesture not only showcases his awareness of the importance of planting trees but also sets a commendable example for his peers.

In a time when deforestation is a critical global issue, it was our principal's initiative encouraging goenkans to plant a young sapling especially at their special day of the year. By planting this sapling, students contribute to our environment and inspire their fellow classmates to consider similar noble acts on their special days.

We extend our heartfelt thanks to Harsh Raj for this kind gesture and are incredibly proud to have such an environmentally conscious student in our midst. We hope this initiative will inspire others in making the world a greener place.
